# Plaques and Certificates

Top Elmer Award	Plaque and certificate for the Elmer that supports the largest number of licensed young operators and/or non-hams. No minimum QSO requirement.
-----------------	------------------------------------------------------------------------------------------------------------------------------------------------

\*Certificates will be issued in lieu of any unsponsored plaques.

A minimum of 25 (100 for Golden Log Award) valid QSO's in the award category are required for certificates or plaques. Elmer and Youth/Non-Ham Awards are exempt from the minimum QSO requirement. Plaques will only be awarded if there are 2 or more valid entries in the relevant category (except the Golden Log and Top Elmer Awards).

Checklogs are not eligible for any award or certificate.

All certificates will be delivered to the winners via email.

The Club Competition Award winners are determined by summation of the scores of club members. The current status of club members is determined by a list that is provided by a club officer, preferably the club president. The PAQSOPA secretary will ask for the list after the party when the top club scores become apparent.

The PAQSO Party may at times offer special certificates or plaques for various achievements in the party.
